DCMC Report – Ken M., since our last district meeting I have attended the ACM, including the DCMC sharing session, the GSR sharing session (that was actually a game night), and I also attended the district PI/CPC meeting. The PI meeting was quite impressive as Diana showed off how quantifying really works. It was great to see our PI/CPC committee is going strong once again. At the DCMC sharing session, which precedes the ACM, there was a wonderful presentation on how to get the most out of the Final Conference Report. At the ACM, our current delegate (Francisco) encouraged our past delegates to make themselves available for the Pacific Region Trustee position that will have nominations at the Inventory Assembly in Vallejo next weekend. Our area treasurer reported that we are \$15k ahead of budget, the finance committee was asked if anything is being presented to do with these excess funds. They will be addressed in the 2006 budget presented next month was the answer. And finally I’d like to remind everyone about how important it is to participate in both of the coming inventories. The

questions for the Area inventory are on the assembly inventory flier, take the time to look them over and jot down a few of your thoughts, then bring those thoughts to the microphone. Also be sure to take home a copy of the questions for your own district inventory next month. The Big Book says, “A business which takes no regular inventory usually goes broke”, so help your Area and your District stay on track by participating in this essential process.

Treasurer – John Q.: Report read and accepted.

Registrar – Barbara, no report

PI/CPC – quantifying works

Literature/Grapevine – Kate M., last meeting we had a record 3 GVRs . We are currently distributing past issues and we are always looking for places to distribute past issues to reach as many as possible. GVRs are reviewing the new workbook and looking for new and interesting ways to promote the Grapevine and the many items available, without sounding like a broken record in meetings. As your group elections come up, please send your new GV/Lit rep to the monthly meeting. 4th Thursday 7pm at the Intergroup office

Bridging the Gap – We are currently trying to fill this position

Area Officers report – Terry D., Area Inventory Assembly in Vallejo Nov 12th. When taking an inventory, and things are not right, you can always send out some muscle to straighten out those out of line, maybe the Russian Mafia.
