DCMC Report – Ken M., since last months meeting, I have attended the Area Committee meeting, which included the DCMC sharing session. I also made it over to Tony's house for the GSR sharing session. I was quite surprised to see only two GSR's in attendance. At the DCMC sharing session the topic was District Inventory's. This was helpful and very timely, as we will be doing our own district inventory at the December meeting. At the Area Committee Meeting. Francisco wanted to thank all CNCA members for their contributions to GSO. Group contributions are up by 47% in the first six months as compared to 33% last year. Our Area Treasurer David N. commended our district for the best Assembly financial summery he has ever seen. Finally, as our visiting Area

Officer told us last month, we will have the pleasure of having the former chair of the General Service Board, Elaine McDowell (nonalcoholic) facilitate our Fall Assembly next month.

Treasurer – John Q.: Report read and accepted.

Registrar – Barbara, we are updating our e-mail list, some people are getting two Comments?

PI/CPC – Diana G., all I have to report is that we now have a committee of five people and possibly three more. This Thursday will be our first meeting and I hope to hash out who is doing what and give out literature about the PI/CPC committee in general

Literature/Grapevine – Kate M., I will not be here for the Nov/Dec meetings. The G/V meeting will continue to be on the 4th, Thursday at 7pm. We are still looking for new locations to distribute old Grapevines. I have been published look for my letter in the October Grapevine.

Bridging the Gap – Stephanie R, I have had no interest as of today regarding a chairperson. I will continue to coordinate BTG from Sacramento until someone comes forward. No contacts in September, but two coming up in October.

Area Officers report – David N., the Final Report is one of our primary tools for reporting our financial status back to the fellowship. At the end of the book is where the financial reports and budgets live. The bottom line is that for the year 2004, in total, we spent about \$400k more than we brought in. This was better than we had budgeted, and was in accordance with our plan to reduce the size of our reserve fund.

Old Business –

- Chris D made a motion, “I move that District 90 form a website committee with the intent of establishing a District website”.

This motion was discussed and it seems that a large majority was in favor of a website. However because of the way it was worded it did not receive a 2/3 majority vote (6 yes and 6 no) this motion fails.
